Sword and axes - Until we die

Striking force - Uncompromising steel  
An entity born of conviction - Oh so real  
An entity born out of dedication pure  
Come watch us play - See what I mean for sure

You all shall be hacked or slain or torn  
Submit to mutilation - In the carnage be reborn

Sword and axes - Raise the banner high  
Sword and axes - Into the sky  
Sword and axes - Let our banner fly  
Sword and axes - Until we die

Metal horde - We are part of thee  
We're all the same - Knights bound by blood and  
blasphemy  
We're all the same - For in our hearts we bear the grail  
Black grail of steel - Thy power we hail

Heart - Soul and mind - Hellbent for metal  
Metal is life - Metal's alive
