Heavy as fuck indeed - We're metal to the bone  
Scourge of you hypocrites - United we stand strong  
To tell you once again - Our spite you'll get for this  
We are your hell on earth - Repay the Judas kiss

Don't you know what waits for you  
The mirror shows the final truth

We die!  
But we die fighting  
We die!  
But we die fighting  
We die!  
But we die fighting  
We die! We fight and die!  
But we die fighting

Your lies we shall deface - We'll show the world you're  
wrong  
We'll face you once again in battle - Come along  
And if we die, we know we fought for our belief  
It is now all for one - In victory or defeat!

Don't you know what waits for you  
The mirror shows the final truth

We die!  
But we die fighting  
We die!  
But we die fighting  
We die!  
But we die fighting  
We die! We fight and die!  
We die fighting

In death you'll find the truth! In death you'll find the  
truth!

The end is drawing near - Our call to arms be heard  
We'll stand and fight for truth - In heaven, Hell, on  
earth  
Our weapon: sacred steel - Now taste the bloodred

sword  
Crushed by the battle axes - Blessed by the lords!

Don't you know what waits for you  
The mirror shows the final truth

We die!  
But we die fighting  
We die!  
But we die fighting  
We die!  
We die fighting  
We die! We fight and die!  
We die fighting! We die fighting! Die!
