Raging inside me - Demons of the past  
I am a madman - spells can never last  
Possessed by theythm - metal in my blood  
No exorcism an heal me - in hell I will rot

You can not save me from my demons

There is no hope no more  
I'm more addicted than before  
There is no hope no more

Music inside me - echoes of my dreams  
I am forlorn - you know just what I mean  
A lifetime of metal - I can - I will not change  
I'd do this all again - there is no other way

In hell I must pay for my demons

There is no hope no more  
25 years of metal war  
There is no hope no more

Demons haunt my soul - they speak to me  
Spirits take control - don't set me free  
Metal made me whole - it is my god  
It is my soul - it is my blood
