I'm on the road and baby it's 4 am
Another hard night's rockin' gotta get me home again
I'm playing a gig, little long no pain (?)
And I just can't keep doing things this way

I don't know if I can wait how long is this trip gonna take
I wanna get back home
I wanna get back get back home

I don't know if I can wait how long is this trip gonna take
I wanna get back home
I wanna get back get back home

Your love is like a record I like to watch it spin
But baby I don't know where your track begins
I will never will never will never will never stop
Until I figure out where your needle drops down mama

I don't know if I can wait
How long is this trip gonna take
I wanna get back home
I wanna get back c'mon c'mon c'mon I said

I don't know if I can wait
How long is this trip gonna take
I wanna get back home

I need to shave you know I need to shower
Come on driving in this under power (?)
My lips are walking I am feeling stretched
I feel so torn so far from your caress

I don't know if I can wait how long is this trip gonna take
I wanna get back home
I wanna get back wanna get back c'mon I said

I don't know if I can wait how long is this trip gonna take
I wanna get back home
I wanna get back wanna get back c'mon I said

I don't know if I can wait how long is this trip gonna take

I wanna get back home.
