f/ Cool Chuck, Shawn Black, Tec

Shit, fuck this shit

[Hook]

Who's is those niggas makin' all that noise

Wild Cow-boys

Who's is those kids makin' all that noise

Wild Cow-boys

I say the uptown kids got to say something

To let the hash blow without coughin' mo'

I said the cowboy kids have to say something

To let the hash blow without coughin' mo'

[Sadat X]

Relax B, cause ain't no got damn problem

Ever since I was born it was Hell up in Harlem

Hot like 9-7 and I'm still point one

Fuck with old school beats like oh check me now

Coup Deville for this late night poet

Used to live on 7th, I rhymed about eights

Kidnappin' MC's who could not relate

Uptown has been my home for 25 years

20 real niggas make 40 million a year

Block to block, ya gotta bubble like shampoo

Niggas is gettin' ugly and life is still a gamble

My crack won't sell these niggas got a lower price

It's all good so I gotta get shiest

AK spittin' or should I do the street sweep

We be strapped in the tinted down black Jeep

Until X throw them lights on the low beam

We started buckin' off shots at his home team

He wanted money but he didn't want to murder kids

He wanted props but he caught slugs in his face

Feels good representin' for my crack turf

[Shawn Black]

Ah cat daddy what have we here

Wild Cowboys scheduled to appear

Life's no game, I'm like the travelin' man

I'm not a gun slinger but I bring my lil' man named

Rueben  
He'll do the poppin' then hop on the AmTrak  
And see ya in September when the high school starts  
back  
I'm like the fun packin' rapper  
Like to work the art, Napoleon Bonaparte  
Couldn't lead a war to party like the General X  
The one who protects, respects, and signin' checks  
And we leavin' and everybody's tore up  
And nobody tells you, my style can't be stored up  
I sound like another nigga WHAT!  
Beat cha' ass down WHAT!  
The Great X right here is like a monument  
Wild Cowboys is runnin' the government

[\* Various people talking \*]

[Cool Chuck]  
This one here is for the West or the East  
I roam streets, ride beats, ride freaks  
Dust rappers like a Hoover  
I wanna buy land, groovers just for the buddha  
The microphone demander  
I get into shit, get out shit call me Barry Sanders  
Wave your hand if your playas  
I got the gat watch me blaze ya  
Or cut cha' face with my razor  
Tryin' hoo-rake mine, how the fuck I'ma shine  
Corny rappers leave the mic alone  
Cool Chuck style, stay cream like the cream on ya corn  
I made ya girl moan, sexin' me when we at home  
Tryin' to sex me when we on the phone  
Style stays tragic like Magic  
Some of you rappers just don't got it  
Copeland Ave. makin' noise  
Cool Chuck signin' off sayin' peace to the cowboys

[Tec]  
I'm the ruffneck, cruise on maneur to the prosecuter  
Glock 9 shotter leave you stunk like a sewer  
I pack rhymes like a 9 in my holster  
Put cha door up, I leave ya broker than a crack smoker  
Little league MC's will freeze  
Put my voice on wax and blow it up like the Japanese  
Cowboys and we do it like Texas outlaws  
Lettin' off four pause in the Legend  
Cool Chuck, D-X, and Tec runnin' wild  
Portland Ave style bury six rounds in ya crown  
Fuck the hoes in the limos  
It's all about the demos, order a dime to keep my mind  
stimo

A lethal, desert eagle, so whatever people  
Ya be a cold corpse when the paramedics reach you  
Cause I leak lead and niggas sleep  
Get his head feet deep  
Into the concrete street  
Do whatever boy, do it like the cops fuck the crack  
slingers  
Cause ain't a dollar gettin' spent when the gat stick ya  
Uptown that's my project, can't stop Tec  
While the triple X bin got my nine wrecked  
Wild Cowboys makin' noise on the track, flip it  
We represent for my boys with the gats, kick it

[Hook]

Who's is those niggas makin' all that noise  
Wild Cow-boys  
Who's is those kids makin' all that noise  
Wild Cow-boys  
I say the uptown kids got to say something  
To let the hash blow without coughin' mo'  
I said the cowboy kids have to say something  
To let the hash blow without coughin' mo'
