Now it's time to break away,
Break away, break away,
You know it never falls away,
Not today, so you,

Fall down trying to get up,
To get up, and you,
Break down and it's over now,
It's over no-o-o-ow,

Now it's all coming back,
Coming back, coming back,
And now you know where you belong,
You belong, so you,

Fall down trying to get up,
To get up, and you,
Break down and it's over now,
It's over no-o-o-ow,

Fall down trying to get up,
To get up, and you,
Break down and it's over now,
It's over no-o-o-ow,
