Now you got me,
Going Crazy, With waiting,
I'm waiting, you gone too far away
So far away
Now you are trying
To call me
You can't reach me
I'm never home,
So just walk away,
Walk Away,

Too Late to make it Right
To win this fight to win this fight
So just don't forget to,
Take my number off your cellphone
YEAH

Now I got you going crazy,
With waiting, you are waiting,
You gone too far away
So far away
Now you are trying
To call me
You can't reach me
I'm never home,
So just walk away,
Walk Away,

Too Late to make it Right
To win this fight to win this fight
So just don't forget to,
Take my number off your cellphone
YEAH

Too Late to make it Right
To win this fight to win this fight
So just don't forget to,
Take my number off your cellphone
YEAH
