Verse 1

As the storybook goes
Everything that starts
Must come to it's own end
Like a childhood friend
An angel sent to me

We had so many good times
We were spoilt little kids
With no cares in the world
Safe from this world
But why did you have to go

Chorus

Julio, I know that you have gone away
But I'm missing you so much
Julio, You were taken so young and
I never got to say goodbye
But I hope, I will see you again
(I hope I see you again someday...)

2nd Verse

The last time I saw you
It was you, me, W.A.B
We were headed to my house
You wanted to spend some time with me (Yeah...)
Coz I was going away
To find my own dreams, find my own me (Yeah...)

But If I knew, that would be the last time
That I'd see your face
I would have held you tight and let you know
Just how much you meant to me, Oh! Oh!

Chorus

Julio, I know that you have gone away
But I'm missing you so much
Julio, You were taken so young and
I never got to say goodbye
But I hope, I will see you again
(I hope I see you again someday...)

Bridge

I know they say the good die young
But I'd rather have you here
For all the years that you were fighting
You were always my Hero
Cause you were brave, through it all
With a smile on your face
You battled all the way

Julio, I know you're in a better place and
My Lord is holding you
Julio, Your friends still miss you much
You were the glue that held it all in place
(For everyone... ! I hope I see you again...)
I hope I see you again someday

As the storybook goes
(I hope I'll see you again)
Like a childhood friend of mine
(I hope that we'll meet again... Oh Oh!)
Like an angel sent to me
(I know that we'll meet again)
We will never say goodbye... Ooh
Just see you later someday

As the storybook goes
(And I hope that we will see you again someday)
Like a childhood friend of mine
(And I hope that we will meet again someday)
Like an angel sent to me
(And I know that we will meet again someday)
We will never say goodbye... Ooh
Just see you later someday
Oh Oh Oh Oh... see you someday
We hope to see you again someday
We hope to see you again someday
