She don't need no Maseratti
I don't even own my car
And when I feel like I'm nobody
She make me feel like I'm a star

So let me get upon her heart
Let me get upon her mind
Let me get upon her body
Let me get upon her soul

Little girl next door

Let me get a nickel, let me get a dime
Take a nickel in my pocket and we'll spend some time
Let me get a pound, let me get a pound

Father won't you quicker spin the hands of times
Spit a simple limerick, a riddle or a rhyme
Let me get a pound, let me get a pound

Little girl next door

Better be polite when you speak to my lady
You got to treat a woman with respect
And if you think of doing harm to her baby

You best believe that I'll be breaking your neck

So let me get upon your heart
Let me get upon your mind
Let me get upon your body
Let me get upon your soul

Little girl next door

I'm gonna move into her house
And she won't be the little girl next door no more no

Little girl next door

Para los tiempos buenos (For the good times)

Te amo por vida, juro (I love you for life, I swear)
Para los tiempos buenos (For the good times)
Mi amor esta por vida (My love is here for life)

It's been long, long, long, long, lovy, lovy, long,
Long time, juro
Long, long, long, long, lovy, lovy, long, long time

Little girl next door
