Long Beach Shortbus - Stray With Me

I am not asking you for your heart or your hand
And I not know what to do with your soul

But to wake up beside you in the morning
And to see you softly breathing
Or the movement of your eyes dreaming
Or to feel your flower softly bleeding
It's all that I am needing

Stray with me awhile
Stray beside your man awhile
Stray with me awhile
Stray beside your man awhile

I am not searching for some perfect destination
I don't know where I'm going at all

But to unexpectedly find you in the mountain
Or to lay beside you at the fountain
Or to know where this old road may lead
I know you truly miss me
It's all that I am needing

Stray with me awhile
Stray beside your man awhile
Stray with me awhile
Stray beside your man awhile

Stray
I want you to go away with me
Come with me, come with me, come with me
Stray

Stray with me awhile
Stray beside your man awhile
Stray with me awhile
Stray beside your man awhile

It's all that I am needing
