There's nothing really wrong with the state of your
ambition
The whole world is crumbling
Cos your crazy vision
All wars are boys and death is what you hate most

Come on baby
Don't you want to get a new size x4

It's a crazy world
For a mixed up boy and a mixed up girl x2

So you got no god
You got no love
To tell me off

But you've got that spirit
So please stick with it
This world wouldn't be
A world without you in it

Please Shelter Me x2
I found this Crazy World

It's chewing on my brain like a desert train locus
I find it hard to love I find it hard to focus
The whole world is crumbling
Cos their crazy visions

Come on baby
Don't you want to get a new size x4

It's a crazy world
For a mixed up boy and a mixed up girl x2

So you got no god
You got no love
To tell me off

You got to keep your spirit
(You stick with it)

There ain't a world without you in it
(You stick with it)

So you got no god
You got no love
To tell me off

Shelter me x8
