Waited around for way too long.
We all have to pass you if you don't move on.
And I've got my sites set.
No way I could miss with a perfect aim like this.
Made up my mind. The signal was sent.
I've been waiting on an answer from you.
One that I can easily respond to.
I've been wrecking my brakes for weeks.
Just trying to keep you.
Waited around.
Waited around.
Waited around.
Waited around.
Been holding on for way too long.
We all have to pass you if you don't move on.
And I've got my sites set.
No way I could miss with a perfect aim like this.
Made up my mind. The signal was sent.
I've been waiting on an answer from you.
One that I can easily respond to.
I've been wrecking my brakes for weeks.
Just trying to keep you.
Waited around.
Waited around.
Waited around.
Waited around.
I've been waiting on an answer from you.
One that I can easily respond to.
I've been wrecking my brakes for weeks.
Just trying to keep you.
I've been waiting on an answer from you.
One that I can easily respond to.
I've been wrecking my brakes for weeks.
Just trying to keep you.
I've been waiting on an answer from you.
One that I can easily respond to.
I've been wrecking my brakes for weeks.
Just trying to keep you.
I've been waiting on an answer from you.
One that I can easily respond to.
I've been wrecking my brakes for weeks.
Just trying to keep you.
