[Verse 1:]

Never seen a girl that look so fly
Is she alone, (I'm wondering) is she alone
See girl I no go let u walk on by
Can we take it slow, can we take it slow
Too many questions running through my mind
Where you dey go? I wanna know
Let me introduce myself

Need to know if you will let me
Get to know you, cus you got me in the mood
Many things that we can do
Baby biko test me

[Chorus: x2]

Omo you dey push my button - tin tin
Blow my heart - gbin gbin gbin
