Hold on, what?s the rush, what?s the rush We?re not done, are we? ?Cause I don?t need to change this Atmosphere we?ve made If you can stay one more hour Can you stay one more hour?

You know I?m gonna find a way
To let you have your way with me
You know I?m gonna find a time
To catch your hand and make you stay

Hold on, I?II be here when it?s
All done, you know
?Cause what?s the point in chasing
If I can?t enjoy your face and
We can?t be wrong tonight
Can we be wrong tonight?

You know I?m gonna find a way
To let you have your way with me
You know I?m gonna find a time
To catch your hand and make you stay

I don?t care what clothes you wear It?s time to love and I don?t care You know I?m gonna find a way To let you have your way with me

And if I was running you?d be the one Who I would be running to And if I was crying you would be lining The cloud that would pull me through

And if I was scared then I would be glad To tell you and walk away But I am not lying, I am just trying To find my way in to you

You know I?m gonna find a way To let you have your way with me You know I?m gonna find a time To catch your hand and make you stay

I don?t care what clothes you wear It?s time to love and I don?t care You know I?m gonna find a way To let you have your way with me

You know I?m gonna find a way
To let you have your way with me
You know I?m gonna find a time
To catch your hand and make you stay

I don?t care what clothes you wear It?s time to love and I don?t care You know I?m gonna find a way To let you have your way with me

And if I was running And if I was crying And if I was scared

You know I?m gonna find a way To let you have your way with me
