Now you don't have a purpose
You don't let anybody in
You don't understand why she don't love you
But you don't understand yourself
Now you're out there with no target
So you friends become your aim
But there is no one left around you
So there is no one left to blame

And what you don't know it wont hurt you
And what you don't know will save you from some pain
But if I could choose I'd let it hurt you
Cause there's something bout life in the pain

Now there's something inside you starting
Like there's a fight coming your way
But there will be no fists you'll be throwing
Just some words you've got to say
And you'll scream for our repentance
Or you'll hide behind what's fake
But there aint nothing to forgiveness
You give as freely as you take

And what you don't know it wont hurt you
And what you don't know will save you from some pain
But if I could choose I'd let it hurt you
Cause there's something about life in the pain

And I don't need to know your stories
Don't need to understand your pain
Cause I've been here since the beginning
And I'll be here the rest of the way
And I'll be here the rest of the way
Now you've tried your hand at running
Why don't you try your hand at faith?
Because there's a moment to be taken
But it is right before you break

And what you don't know, it wont hurt you
And what you don't know will save you from some pain
But if I could choose, I'd let it hurt you
Cause there's something about life in the pain

Yeah there's something about life in the pain
Yeah there's something about life
in the pain
