I pray this will never end  
I had my heart open wide  
catch me I'm falling

I pray this will never end  
I had my heart open wide  
catch me I'm falling

Taking the hand in hand, I loved you  
I whispered words, I whispered softly

Come on baby, I'll be there  
(something distorted)

Taking the hand in hand, I loved you  
I whispered words, I whispered softly

I pray this will never end  
I had my heart open wide  
catch me I'm falling

I pray this will never end  
I had my heart open wide  
catch me I'm falling

I pray this will  
I pray this will  
I I I I I I I I  
open wide  
wide wide wide wide  
(4x)
