I see the way that she's looking at you
I know what's on her mind, her mind, her mind
She thinks I don't know what she wants to do
But I know her kind
She's the kind of girl who hates to see two people
sharing a love so right
She's a jealous girl who hates to see two people
sharing a love so tight
She'll try to use temptation
Take your imagination
Someplace where it shouldn't be
But it's not infatuation
It's such a love frustration
She's trying to take your love from me

Chorus:

Love is on her mind so she better find another
The love she wants is mine but I'll never share my lover
Love is on her mind but she's never gonna get it
The man she wants is mine so she better just forget it

She tells me how lucky I am to have a boy like you, like
you, like you
She said she would never steal from a friend
I know that it's not true
She's the kind of girl who hates to see two people
sharing a love so right
She's a jealous girl who hates to see two people
sharing a love so tight
She'll try to use temptation
Take your imagination
Someplace where it shouldn't be
But it's not infatuation
It's such a love frustration
She's trying to take your love from me

Chorus (3x)

Love is on her mind but she better find another
The love she wants is mine but I'll never share my love,
no

Love is on her mind but she's never gonna get it
The man she wants is mine so she better just forget it
