When I was just a, girl papa told me
Baby, you're gonna make it big one day
I know you'll do it, keep sticking to it
Just don't let anything get in your way
I'm searching for the star above
It's all that I've been dreaming of
Hey listen world to what I have to say

Chorus

One day I am gonna make it
Make it, make it to the top
Watch out, I am gonna make it
There's no way I'll ever stop

Don't need a sermon cause I'm determined
To take control of my own destiny
My soul's on fire with such desire
To show just how good I can really be
When fat comes knocking at my door
I'll go right through it not knowing what's in store
I'm ready any time, place, any day

Chorus

One day I am gonna make it
Make it, make it to the top
Watch out, I am gonna make it
There's no way I'll ever stop

There comes a time in each one of yours lives
When we must stand and shine
My time is near, I won't let it slip away
Oh no, oh no

I am the kind of young lady who knows
Just what she wants and knows just what to do
It may be shocking soon I'll be rocking
Knowing I've done my best when I get through
I'm reaching for that star above
It's all that I keep dreaming of
So listen world to what I have to say

Chorus

One day I am gonna make it
Make it, make it to the top
Watch out, I am gonna make it
There's no way I'll ever stop

I'm gonna make it one day
Make it to the top so watch out
I'm gonna make it one day
No way I'll ever stop
I'm gonna make it one day
If you feel like I do shout
I'm gonna make it one day
Everybody let it out

Chorus
One day I am gonna make it
Make it, make it to the top
Watch out, I am gonna make it
There's no way I'll ever stop
One day
