Max:

You said: "No"

Climbed anguish

And breathe in the apartment

Com. And vodka with ice,

By the throat with a knife

Smoldering cigarette butts in the mind

Light:

I'm not friends with the head

Lose-lose battle

But I'm not blind, do you hear?

I looked into his eyes,

Behind them tear

And so I was caught

Launched time

Of emphasis

Each printed line

I'm tired of repeating

From zero to begin

Shouting alone at night

Light:

Me, why not seriously

Stupid question

Probably not enough strength

Max:

I poured the soul

And nothing bad turn,

In otvetku per point in the past

Launched time

Of emphasis

Each printed line

I'm tired of repeating

From zero to begin

Another lonely night

Max:

My thoughts go back  
Current warm memory  
All that I could not tell  
Poison heart poisons

Light:  
Someone disturbed night  
Smile has disappeared  
I do not know how to help,  
My heart still beats

Launched time  
Of emphasis  
Each printed line  
I'm tired of repeating
