Guess what???

It's time to turn it on
Get back what has been gone
I wanna feel it's the deal or the real sensation!
Wild eyed and cherry lipped
White diamond fingertips
Everywhere that you look, there's a new vibration!

Your probably thinking by now,
"I can feel it deep inside. Drum it up and get loud
Because I came fo one thing (one thing)".
All the beauty surrounds me
Like angels in a crowd
I pray for the music!!!
SING...

Ooo the feelings back and guess what??
Get up off your seat, shake it, throw your hands up!!
Ooo the feelings back and guess what??
We can do it all night long until the sun's up!!
Ok here we go!!

Guess what??
It's time to turn it up
Let go of whats been stuck
I wanna make no mistake when I wake the rhythm
My synchronicity, even with two left feet
Couldn't be more complete when the music moves
them (yeah).

Your probably thinking by now,
"It's so good what can I say?"
Soul shock me all night until the light brings us day(us
day).
Take me on a good ride. You don't have to let down
slow
Help me now!!!
Let me here you sing...

Ooo the feelings back and guess what??

Get up off your seat, shake it, throw your hands up!
Ooo the feelings back and guess what??
We can do it all night long until the sun's up!!
