SAFRI DUO feat. Clark Anderson
"Rise - Leave Me Alone"

Did you really love me?
Did you really need me?
Or were you just using me?

I never felt so used, I wont go back to you. So leave me
alone.
I wasn't good enough, it was never about us. So leave
me alone.

I've had enough of your kiss.
The touch of your hand, I won't miss.
I've been wrapped up in all your crazy ways.
I'm caught up in your web of lies.
Gonna cut myself loose and say goodbye.
Bye. Bye. I don't want you. I don't need you....

I never felt so used, I wont go back to you. So leave me
alone.
I wasn't good enough, it was never about us. So leave
me alone.

Did you really love me?
Did you really need me?
Or were you just using me?
