And who are you  
Tell me what your name is  
Hahaha, now you are going to die

Now listen, we're tolerant, patient  
Peer out virtues, no signs of weakness  
And now you're going to die

And who are you  
Tell me what your name is  
Hahaha, now you are going to die

Shaolin

As I said before  
You will die out

Shaolin

And who are you  
Tell me what your name is  
Hahaha, now you are going to die

Shaolin

As I said before  
You will die out

Shaolin [2x]
