Watching
Now I know what to do
And waiting
I will blacken the view
I'll burn the oil
Someday you'll understand

I'm watching
Watching your boats and planes
And waiting
Please don't try to explain
I know what you've got buried in the sand

First Chorus:

Ashes to ashes and dust to dust
It all comes down to who you really trust
Ashes to ashes and dust to dust
Why can't you say, you've finally had enough

Watching
We are not far away
And waiting
We can be there today
I think it's time you had a change of plan

I'm watching
If you can't stop this yourself
And waiting
We will give you some help
Your story ends with no one left to tell

Ashes to Ashes

Second Chorus:

Ashes to ashes and dust to dust
It all comes down to who you really trust
Ashes to ashes and dust to dust
Now what I do, I do for all of us

Repeat First Chorus
