Sometimes I feel like slipping away
I need a life of my own
Don't make me stay
Should I go now or should I wait
You are my flesh and blood
One wish is not enough
Let me go
All I want is to chase the wind
All I want is to feel that feeling again
Let me chase the wind
Sometimes the air's so thick I can't breathe
The longer that I wait
The harder to leave
So many time I should have broken free
You are my flesh and blood
One wish is not enough
Some things are never really over
[Chorus]
Let me go
All I want is to chase the wind
All I want is to feel that feeling again
Let me go
All I want is to dream again
All I want is to chase the wind
Let me chase the wind
If this dream lasts too long
There's a chance it may go wrong
And I may never get this chance again
Let me go
Let me go
[Repeat Chorus]
[Repeat Chorus]
