Don't look down  
Wanderer I know you  
We've been here too long  
Time may disown you  
But you know you must be strong  
Innocence has no place here  
Who's the guilty one  
Eyes of fire shed no tears  
Look around and I'll be gone  
One life, one soul, one body, one you  
You know you'll always have...  
Somebody  
Follow me  
But don't look down  
Follow me  
But don't look down  
Anytime you want me  
You'd better look inside  
Blind ambition shows no fear  
I see it in your eyes  
One life, one soul, one body, one you  
You know you'll always have...  
Somebody  
Follow me  
But don't look down  
Follow me  
But don't look down  
Oh...  
Follow me  
But don't look down  
Just don't look down  
You know you'll always have...  
Somebody  
Follow me  
But don't look down  
Follow me  
But don't look down  
Follow me  
But don't look down  
Follow me  
But don't look down  
Follow me  
But don't look down  
Follow me

But don't look down  
Don't look down  
Just don't look down  
Don't look down  
Just don't look down  
One life, one soul, one body, one you  
You know you'll always have...  
Somebody
