### 3. All Will Change (Goodbye And Good Luck)

I want to touch you but if I touch you  
All will change  
I want to hold you but if I hold you  
All will change  
I've been here watching you all through the night  
Why does it scare me so to look into your eyes  
Where will you go, what will you do  
Who will you meet, what will become of you?  
Your mother won't see you she's far too afraid  
And I don't have the money to keep you today  
Maybe someday our paths will cross  
It's better this way, good-bye and good luck  
I want to touch you but if I touch you  
All will change  
I want to hold you but if I hold you  
All will change

### a) The Cross (Home #3)

The boy is here, he won't say much  
I don't know why  
One thing is clear, we know he's had a troubled life  
You are not who I had in mind  
I don't know where I belong, but I'm sure that it's not  
here  
Is he just shy, what do you think he's got to hide  
Maybe in time, we'll find out what's behind those eyes  
I don't think that you understand  
All I want is to find out who I am  
Father, when will I get my cross?  
When will I get my cross?  
I don't know how,  
I wonder what would make him smile  
Look at him now, he stares at me like I'm on trial  
I need to know is he still alive  
And if so, is my mother still his wife?  
He's just a child, he's got time to start again  
Give him a while

The boy just needs a friend  
Father, when will I get my cross?  
When will I get my cross?
