Whatever happened to the friends we had  
Just a dusty picture on the shelf  
We had our troubles but the times we had  
I get this feeling when I'm by myself  
And when I get it, I get it bad  
[Chorus]  
I keep wakin' up with something new  
Oh...  
Am I losing you  
Only time will tell  
Oh...  
I keep wakin' up with something new  
Oh...  
Am I losing you  
Only time will tell  
You took a piece of me with you  
There was nothing I could do  
You took a piece of me  
Now where are you  
Are you dusting pictures too  
You were the one I never had to tell  
My darkest secrets or how I felt  
When I get lonely and I'm by myself  
I try to imagine what you're doing now  
Ohh...  
[Repeat Chorus]  
You took a piece of me with you  
There was nothing I could do  
You took a piece of me  
Now where are you  
Are you dusting pictures too  
[Repeat Chorus]  
Ohh...  
[Repeat Chorus]
