"Outside Looking In"

As the world turns I've got a front row seat
And a guiding light is watching over me
If you make me an offer that I can't refuse
You can bet your life I've got nothing to lose

If you'd like to know of late where I've bin
I've bin here on the outside looking in
Still waiting for my ship to come in
I'm here on the outside looking in

If it's a room with a view, I'm on the edge of my seat
And if the price is right, that's good enough for me
I'm just a sole survivor of big brother's schemes
& I can seize the moment in my field of dreams

If you'd like to know of late where I've bin
I've bin here on the outside looking in
Still waiting for my ship to come in
I'm here on the outside looking in

If you'd like to know of late where I've bin
I've bin here on the outside looking in
I'm still waiting for my ship to come in
Still here on the outside looking in

If you'd like to know of late where I've bin
I've bin here on the outside looking in
I've bin here on the outside looking in

Still here on the outside looking in
I'm still waiting for my ship to come in
Here on the outside looking in
Still here on the outside looking in
