"How are you? Have I made you wait?"  
I'm the one who said, "Don't be late"  
You know there's still time for you to make the changes

It's time to turn another page  
This year my gift is Y2K  
And now it looks like it's you that's running late

Do you remember when I said, "Don't be late"  
How would you know then just how long I'd wait?

"So, how are you? Have you guessed my name?"  
It's time to put your toys away  
Remember, I know you love to play this game

Do you remember when I said, "Don't be late?"  
How would you know then just how long I'd wait?  
Do you remember when I said, "Don't be late?"  
How would you know then just how long I'd wait?

"How are you? Do you have the time?"  
I'll tell you what I've got in mind  
You know, it's never too late to change your mind

Do you remember when I said, "Don't be late?"  
How would you know then just how long I'd wait?  
Do you remember when I said, "Don't be late?"  
How would you know then how long it would take?

Do you remember when I said, "Don't be late?"  
How would you know then just how long I'd wait?  
Do you remember when I said, "Don't be late?"  
How would you know then just how long I'd wait?
