

Saga "Slow Motion"

Visit "[Slow Motion](#)" on MotoLyrics.com

Think, when was the last time
You, stumbled on rest time
Go, try to relax now
Or, did you forget how
[Chorus]
Slow motion
Let everybody else run around
Slow motion
Maybe you have forgotten how
Slow motion
Let everybody else run around
Slow motion
Maybe you have forgotten how
You've been very busy
Now, you feel awfully dizzy
Why, is it so vital
You, insure your survival
[Repeat Chorus]
Stop, remember the way back
Now, now you can lay back
They'll get by without you
For, they're not about to
[Repeat Chorus]
