Please stop
We can't do that
Why not?
We've done the math

They need air
There's lots of time
You don't care
My hands are tied

Time's up
You can't say that
Why not?
You move too fast

You won't change
Why can't you see?
It's part of our history

On the streets of gold
Where everyone has too much money
On these streets of gold
Always got something to hide

No more
We know we should
Why war?
The money's good

It must stop
We'll find a way
You might not
What can I say?

The reason
Religion's one
You teach them
When they are young

They won't change
Why can't you see?
That's how it has always been

On the streets of gold
Where everyone has too much money
On these streets of gold
Always got something to hide

On the streets of gold
Where everyone has too much money
Take it slow
Always got something to hide

Say we need some changes
Why would we do that?

Please stop
We can't do that
Why not?
We've done the math

You won't change
Why can't you see?
It's part of our history

On the streets of gold
Where everyone has too much money
On these streets of gold
Always got something to hide

On the streets of gold
Where everyone has too much money
Take it slow
Always got something to hide

On the streets of gold
Where everyone has too much money
On these streets of gold
Always got something to hide
