"Where Are You Now?"

Oh, where are you now
When I need you the most
I took your life
As you lit up my smoke
If you think, that you've come
To the end of your rope
You won't feel so alone
When the country's gone broke
You don't know how I feel
You must think I'm so cold
If this doesn't seem real
That's 'cause I'm in control

a) Screw'em

Take good look, what do ya see?
Do you really think you're so different from me?
I'm sure in time I could teach you well
The rules of the game are simple as hell
When in doubt, "Screw 'Em"
Rule #1 Is to gain their confidence
Rule #2 Make them sign the check
Rule #3 Look out for #1
Rule #4 Take the money and run, don't look back
"Screw 'Em"
Where would you be, if you'd never met me?
Where would you go, if I set you free?
What do you say we make a new deal?
It's one for you thirteen for me
I know that you feel that this is unfair
Well maybe you should try and find someone who
cares
"Screw 'Em"
You can say what you want, but I know we'll never be
like you
I wouldn't be so sure
