Why do we do what we do now and what should we do?
Why do we do what we do now and what will we do?
(Why do we do what we do now)
Would you like a new start that would be world's apart?

Now you're sellin' everything you can
You don't wanna but you know you have to
Well, if you're tired of fighting in the sand
Well, I've got something I've been dyin' to show you

I've kept my secret well concealed
(Don't forget about how well I know you)
Now all can safely be revealed
(You won't believe what I'm about to show you)

And while you were out there on your own
I went away and tried to make it for you

I've kept my secret well concealed
(Don't forget about how well I know you)
Now all can safely be revealed
(You won't believe what I'm about to show you)

I understand you had a plan
But now your back's against the wall
And one last chance slipped through your hands
And now you're heading for a fall

I found the perfect home away from home
And found a way to change the climate for you

I've kept my secret well concealed
(Don't forget about how well I know you)
Now all can safely be revealed
(You won't believe what I'm about to show you)

I understand you had a plan
But now your back's against the wall
And one last chance slipped through your hands
And now you're heading for a fall

Why do we do what we do now and what can we do?

(Why do we do what we do now)
That is part of the search between heaven and earth
Why do we do what we do now and what should we do?
(Why do we do what we do now)
We have come to the end, let's start over again

Why do we do what we do now and what will we do?
(Why do we do what we do now)
Would you like a new start? Worlds apart
