In this couplet she is talking about her lover:
the one who made me spend my nights awake
and the one who become very precious to me,
left me alone because i loved him, and what happen to me...

and in this one she is talking to him:
you don't love the one who loves you,
you only like the one who cause you the pain
even if she doesn't know the meaning of love

talking to him too:
you was the only one i wished from the world
i wished to see you always satisfied
your heart and your feelings are always usual!
and you are not satisfied at all
