(Verse1)

The day of reckoning is here,Ah yeah,it's
finally arrived

This is it,only the strong survive

A supreme being of power,a tower of strength

Defeat me, you better go to great lengths

'Cause I've got the power to do you harm

'N when I get hold of you I'll crush you in my palm

Believe me ,I won't fail in my quest

N' when I've finished,I'll clean up your unsightly mess.

(Verse2)

An eye for an eye,a tooth for a tooth

I won't turn the other cheek and that's the whole truth

What gives you the right to want to hunt me down

Still waters run deep,I'll make sure you drown

Aunt Sally-scapegoat,you're a whipping boy

Step to me n' I'll crush you like a boy

The inscription on your tombstone,your epitaph

Will read you took the wrong direction down the wrong
path

A brilliant display of strength and skill

Will defeat the supreme embodiment of evil

You are doomed,you are finished,you are no more

For all the wrong you've done I'll even up the score

What?! you don't believe I will?

I'm gonna make you the subject of ridicule

An' when my mission is accomplished,then you will
know

My name is the Lord;reap what you sow

(Chorus)

Whatcha gonna do,whatcha gonna do?

I'm throwing down the gauntlet

You'll run when I'm not cheating you

Whatcha gonna do,whatcha gonna do?

I'm issuing a challenge,you won't know

what the hell to do

(repeat)

(Verse3)

Fight fire with fire,that's what I'll do

Abuse,break,squash,pound,cripple,crucify you

Bash,bruise,cut,damage,dismantle,dissect

Dislocate,dislodge,disembowel,disinfect

And when you think that I can't dismember no more
I'll displease, distress 'n distort your jaw
You'll be in dismay when I disregard
The fact that you think you're so hard
I'll dishonor you - I'll make you feel so bad
Disown you - just like your mum 'n' dad
I'll display all the hatred that you've given to them
Disfigure you and dash you in the deep end
(Chorus x 2)
Whatcha gonna do, whatcha gonna do?
I'm throwing down the gauntlet
Disregard and dispose you.
