He speaks to me in pieces and I do not know what he
Says.
What the hell he talks about? He just spits and shouts.
Confusion! What does he mean?
He is not able to make up his mind and say that what
he
Thinks.
No one can follow him because his thoughts are
Perplexing.
I'm getting crazy! His world's so sick!

He's got (- He's got) the Double-Edged Razortongue!
Yes, he's got the sore.
The word becomes a weapon,
And it hurts us all.

But I've to get away from you,
'Cause I'm gonna wound you all!
My mind and my tongue are my enemies,
And I'm no unity.

Due to his rising fuck-madness some people getting
hurt
By him.
No difference between enemies and friends because
his
Tongue is blind.
It's a weapon - The Razortongue!

I'm bright - he's dark,
I'm coloured - he's black/white,
I can't follow - he's hollow,
His mind's - too sick.
He is - the sore,
Infects - us all,
'Cause he - has got
The Double-Edged Razortongue!
