"Life Without Living"

My attention span is short but I don't remember why,
these bright lights wake me up from the coma I fell in
last night I made friends with Bacardi and woke up with
lips locked to girlfriends of best friends I'm sorry
Hello goodnight, I'm cornered by this consequence a
breath of life

Take a chance on the tight rope baby think I'm crazy
well I just maybe able to save you from life without
living

I'm still young, and there's still time to get hopped
up and make bad decisions I'm living and no I'm not
the type of person that thinks before I speak my mind
don't waste my time cause where I'm from we live
like were alive, you know I L-O-V-E love to get down
Take a chance on the tight rope baby think i'm crazy
well I just maybe able to save you from life without
living, Think I'm crazy I just maybe able to save you
from life without living

Waiting in parking lots just you and me and we'll be,
what we'll be
There is no other place I'd rather be in your car in the
dark with your body around me
