Take us with you; time will never be more perfect,  
missing out on all these last few years.

so undeniable, your purpose in my life's been,  
my gratitude towards you means so, so much.  
crack the seal on the bottle I sent out,  
turn the TV off before I go to bed,  
now you'll rest easy sleeping  
your lungs pump for me and Mary this evening

don't you wanna  
take us with you; time will never be more perfect,  
missing out on all these lasy few,  
years go by so fast.  
I'll let the smoke fill up my lungs,  
I'll be an addict just to reach you.

there's a set timeline for it all,  
some think in the moment,  
take it for granted,  
you filled me out and taught me well.  
I'll never forget when you said great achievements for  
you,  
will be far more than few between us.

don't you wanna  
take us with you; time will never be more perfect,  
missing out on all these lasy few,  
years go by so fast.  
I'll let the smoke fill up my lungs,  
I'll be an addict just to reach you.

all I have is a reputation;  
just give me your willing trust.  
(how should we go about this,  
there's nothing secretive,  
we need to make amends,  
you know I'll always win).  
all we had is a disagreement,  
just give it one more chance,  
yeah a disagreement,

just give it one more chance.  
(I forgive the forgiven,  
please and thank you's when necessary...  
virtues, are all I have to cherish,  
now you'll rest easy sleeping)

don't you wanna  
take us with you; time will never be more perfect,  
missing out on all these lasy few,  
years go by so fast.  
I'll let the smoke fill up my lungs,  
I'll be an addict just to reach you
