Everything I love hurts me the most
I still clearly hear those steps when you're gone
On and on tryin' to understand, you have many worries
And I, I need to tell you that, not now 'cause you're in a hurry

Everything I lost, miss the kindness you give
When, where, I don't know, and if I ask, you just leave
After all we've said and done you seem more than strong
After all I don't know where did I go wrong

Don't make it harder these days, I need love, don't hurt my feelings
You've never suffered this way, 'cause if you did, how come I'm bleeding?

On and on? No more hiding, no lying
Will you give me reason to live, 'cause I'm dying

After all I don't know how and where to start
As if we never, never said before "Till death do us apart"

Don't make it harder these days, I need love, don't hurt my feelings
You've never suffered this way, 'cause if you did, how come I'm bleeding

On and on?

On and on?

You're everything I love
