Today I washed my makeup away so the mirror could
see my face
I wanted all my pain to portray what my words could not
say
Cause I'll never be good enough
They see my tears and call my bluff
Gotta tough it out and suck it up to stay, to stay
Keep on runnin to the top, no time to breathe, no time
to stop
But I...

[Chorus]

Gotta shut the world out and breakdown so I can see
what's left of me
Time for me to be alone, where I feel home and
remember what I believe
I just wanna cry out loud, cuz it's the only sound that
will truly set me
Free
I'm standing still to say to you, I'm not perfect
Just thought you should know

So hard I can't find my way and I'm tired of all this rain
I'm damaged and so ashamed, only half my soul
remains
Cause I'll never be pretty enough
They see my tears and call my bluff
Gotta tough it out and suck it up to stay, to stay
Keep on runnin to the top, no time to breathe, no time
to stop
But I...

[Chorus]

Gotta shut the world out and breakdown so I can see
what's left of me
Time for me to be alone, where I feel home and
remember what I believe
I just wanna cry out loud, cuz it's the only sound that
will truly set me
Free
I'm standing still to say to you I'm not perfect, perfect

Ooh, I'm so afraid, so afraid
Of change, change
And ooh, I know it's the only way

[Chorus]

Gotta shut the world out and breakdown so I can see
what's left of me
Time for me to be alone, where I feel home and
remember what I believe
What I believe
I just wanna cry out loud cuz it's the only sound that will
truly set me
Free
It will set me free
I'm standing still to say to you I'm not perfect, perfect
Just thought you should know
Just thought you should know
