Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess, quite a  
mess  
Someone convinced me of jealousy  
It's the best compliment I'll ever get  
So I shouldn't be the sad girl  
Shouldn't but I said I was  
And who's going to tell  
Who's going to tell this time?  
It's a blizzard outside  
Don't you dare stay inside  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess, quite a  
mess  
And what of the light boxing in the back  
Why do I fear the poison I spread out  
There's no need to swing back coasters, the bottle  
display  
And who's going to fail,  
Who's going to fail this time  
It's a blizzard outside  
Don't you dare stay inside  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess, quite a  
mess  
It's a blizzard outside  
Don't you dare stay inside  
It's a blizzard outside  
Don't you dare stay inside  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess  
Quite a feeling, quite a relief, quite a mess
