perhaps, perhaps
he's hiding in my car
that is closer than I expected
come out, you'll get dirty
and if I'm lucky
we'll get on well with one another

now..
was never been used
'cause I want the best future

..
I hope ..

..
I like it or not
I like it, I like it a lot
But where is he hiding ..
a careful hand
a careful hand

I never had a bit self-confidence
suits anyone fine
yes, indeed I did
If I had a loud lover
I would have got all this self-confidence
inside me

I never had a bit self-confidence
suits anyone fine
yes, indeed I did
If I had a loud lover
I would have got all this self-confidence
that I need

What's ..
I do now

I will be here
I will be here
I won't give up
I won't give up
