If I just want to be in his head  
I give something to him I think  
we've been shaking hands to long  
And if I just want to rest in his mind  
for a minute  
Why am I producing heat when I will  
never feel I do (I do)  
And I feel like looking at you  
with wide open eyes  
And I say I like him  
Never live without him .....

[Chorus:]

He is, yes he is in mind  
shake my head  
up and down and he won't stop it  
He is, yes he is all the time  
Is there anytime left for thinking of me

And he doesn't want to know  
He doesn't care a damn about  
What is on my mind this time  
He's what I want  
with a headache  
He's what I want  
When the mind breaks  
Gonna I borrow him today, tonight  
Can I have a piece of his kiss  
I say hold it, he's way to attractive  
.... like another  
He pulled me home with my inmost thoughts  
He followed me home this time

[Chorus x2]
