Follow the back roads, follow the back roads.
In this together, together we try.
Follow the back roads, follow the back roads.
Always avoiding, avoiding whats right.
Bent over backwards, bent over backwards.
Cutting these ropes where once we were tied.
Bent over backwards, bent over backwards.
Paving a road, take it all in our stride.

If we keep it the same, then the path will remain.
If we keep it the same, then the path will remain.
If we go our new way, it will lead us astray.
If we go our new way, it will lead us astray.

Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.
Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.

Lack navigation, lack navigation.
Time has just tangled and twist in our eyes.
Lack navigation, lack navigation.
Seeking direction where hope just lies.
Lost in the mazes, lost in the mazes.
Trying to test you, and test you they'll try.
Lost in the mazes, lost in the mazes.
These roads lead to nowhere so follow the skies.

If we keep it the same, then the path will remain.
If we keep it the same, then the path will remain.
If we go our new way, it will lead us astray.
If we go our new way, it will lead us astray.

Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.
Just let it go.

Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.

Lets cut the story short.
We live and we die.
Lets cut the story short.
We live and we die.
Lets cut the story short.
We live and we die.
Lets cut the story short.
We live and we die.

Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.
Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.

Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.
Just let it go.
Just let yourself go tonight, enjoy your life.
Just let it go.
Just let yourself go tonight, go tonight.
