Ram-pa-pa-pam, ram-pa-pa-pam, ram-pa-pa-pam  
Ram-pa-pa-pam, ram-pa-pa-pam, ram-pa-pa-pam  
Another man down

Yo, I let the 15 speak  
Turn a nigga to miss me, fuck around  
Another man down  
Can't think... I turn your ass up since... fuck around  
Another man down  
You know the sound  
Another man down  
Fuck around  
You know the sound  
Fuck around  
Another man down

Nothing gonna stop him, y'all gonna have to pop him  
We good... we mop...  
Whoever got a problem... from top to bottom...  
A shot to the head, a hospital bed  
You said a few blunts that's what y'all niggas said  
You wanna be crippled, then here's a shot to your leg,  
Then go and live your... ass...  
I run...  
My... town niggas is getting it I could tell ya  
They riding around, they putting they hands on that...  
Fella, I'm like the rap... the rhymings and the diamonds  
never quite glue together  
I tried to save your hood but fuck it, now it's whatever  
Y'all wanna get on some... shit, fuck it, my pleasure

Yo, I let the 15 speak  
Turn a nigga to miss me, fuck around  
Another man down  
Can't think... I turn your ass up since... fuck around  
Another man down  
You know the sound  
Another man down  
Fuck around  
You know the sound  
Fuck around

Another man down

Ram-pa-pa-pam, ram-pa-pa-pam,  
We'll fuck with that hip hop, it's bubble gum  
It's slums are from, they all...  
They say they wanna get heavy, but they don't wanna  
come  
To the jungle where the lions and bears are fighting for  
theirs  
It's hard to get out, we've been trying for years  
I ain't prepared to die in a chair  
But if I have to, I have to, it's facts... I am aware  
Motherfuckers better recognize who I am  
I'm telling you... too god damn  
You ain't a... or a... just a 2pac fan  
Real gangsta is something that you not man  
I've been doing this since 91,  
Rappers say that I'm fronting, go ahead and... one  
... give him that look and he's done

Yo, I let the 15 speak  
Turn a nigga to miss me, fuck around  
Another man down  
Can't think... I turn your ass up since... fuck around  
Another man down  
You know the sound  
Another man down  
Fuck around  
You know the sound  
Fuck around  
Another man down
