I know I'm still young  
But I know how I feel  
I might not have too much experience  
But I know love is real  
By the way my heart starts pounding  
When I look into your eyes  
I might look a little silly  
Standing with my arms stretched open wide

I love you this big  
Eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words can not describe  
But I'll try  
I love you this big

I love you to the moon and back  
I love you all the time  
Deeper than the ocean  
And higher than the pines  
Cause girl, you do something to me  
Deep down in my heart  
I know I look a little crazy  
Standing with my arms stretched all apart

I love you this big  
Eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words can not describe  
But I'll try

I love you this big  
So much bigger than I ever dreamed my heart ever  
would  
I love you this big  
And I'd write your name in stars across the sky if I  
could  
I would

I love you this big  
Oh, eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words can not describe  
But I'll try  
I love you this big  
Oh, eyes have never seen this big  
No one's ever dreamed this big  
And I'll spend the rest of my life  
Explaining what words can not describe  
But I'll try  
I love you this big.
