[Saigon:]

You ain't never really love me did you
God forbid you ever need a lung for something cause I
ain't gon give you
The reason I had to quit you
Cause I rather do that than hit you
And have your eye all black and blizzle
You ain't too pretty for that for shizzle
I rather chat with you and tell you why I'm never coming
back to get you
No longer is the love there nope
No longer do I care if your hair dope
No longer will I act to be happy
Knowing good and well I'm just holding on to mere
hope
You fuck me up girlfriend I hope you know that
See me I just ain't the type of motherfucker to show
that
I know that life without you might be so wack
At home getting tore back fucking with the mofat
Listening to Bobby Womack
If you think you lonely now, wait until tonight and you
gon know that
I'm a lose her

[Saigon:]

Look love before you get the chance to intervene
Stop leaving messages on my answering machine
I don't wanna be talked to, don't wanna be seen
Grown ass woman still acting fifteen
What you missing the kissing and missing every
position the huggin
Making love in the sunk in tubbing
The back and the neck rubbing
Or was it my lack of respect for your ex husband
And now you want to get back for what just to see me
naked again
So you can take my heart reshape it and break it again
I ain't got nothing to say to your friends
As soon as they come around that's when all the damn
hating begin

I'm sick and tired of fake and pretend
I figure that it was time to bring this relationship to a
end
Now on the blockbuster nights we was snugged in the
den
I'm out guzzling gin in the club with a hen
Now who's the loser
