Hope you got what you paid for  
Hope you got what you paid for  
I ain't even gotta say more  
Hope you got what you paid for  
Hope you got what you paid for  
Hope you got what you paid for  
I know you got what you paid for

Everybody balling, everybody winning  
Ain't nobody pull no more, everybody spending  
Are we just caught in a world that we co pretending  
Where pretend to be niggas to pretend to run up,  
The minute women are sinning, in a minute, this gets  
them to them infants  
They morals becoming so inconsistent  
Little boy with his wrist slit,  
little girl think this gripping is a business  
That's cause our mother wasn't against it  
Everybody getting it, everybody trappin  
Who the heck is listening if everybody rapping  
Kinda knew this was destined to happen  
Rappers no realer than wrestlers who acting  
And the message is backing  
But once again Saigon bringing you the realest  
If I ain't the illest, then we can talk about willest  
,gsmt, just repeat after, matter of fact, after you

[Hook]

Hope you got what you paid for  
Hope you got what you paid for  
I ain't even gotta say more  
Hope you got what you paid for  
Hope you got what you paid for  
Hope you got what you paid for  
I know you got what you paid for

How you sposed to be the wildest when you got a stylist  
Say that you really smoke whenever puffing out the  
chalice  
Only clips you proolly fuck with is butcher of malice

I told you to cut the bullshit, now you full of the cow piss  
How's this, I'm like money Mayweather around round 6  
Bout to start turning it up about this bitch  
I'm too legit like Stanley Burrell,  
I'ma die doing what I love, I'm the black Tammy Frawley  
Told Buffy my nose stuffy, dog I can't even smell  
Cause I'm sick from doing this shit, but still they let me  
in jail  
Tell baby I need avy, if not, then I'ma go holler at Shady  
One of these motherfuckers is gonna pay me in gravy  
In the best shape of my life, state the price make it nice  
You can go on vacation twice  
I'm telling you man, I'm worth every bit of that 80  
million dollars

[Hook]

Hope you got what you paid for  
Hope you got what you paid for  
I ain't even gotta say more  
Hope you got what you paid for  
Hope you got what you paid for  
Hope you got what you paid for  
I know you got what you paid for

Before my daughter, before they bottled the water  
We was flipping the bricks, see, slide to the border  
Come back with some shit out the size of rock of  
Gibraltar  
Paper pussy power, paint in chronologically order  
Coola got locked, product was getting shorter  
We knew he do some time and then the cops would  
deport him  
Fuck the feds have record him in the comfort in his own  
home  
He would just live up and talk binders on his own phone  
We was on the home grown, he was blowing the hydro  
I think it was hydro, how the fuck should I know?  
I was ducking the 50, tryina get the case gone  
Went to Miami to see family  
I wasn't tryina stay long, just to pick up enough yayo to  
lay on  
We still had enough to get way long

[Hook]

Hope you got what you paid for  
Hope you got what you paid for  
I ain't even gotta say more  
Hope you got what you paid for  
Hope you got what you paid for  
Hope you got what you paid for  
I know you got what you paid for.
