[Intro] Oh ahh, so ah Saigon y'know umm You had a big buzz goin on but What was it that caused the split between, you and Atlantic Records? [Saigon] All I could give 'em was tribalism; I tried to hit 'em with a lot of wisdom but the system was pushin eroticism They say sex excels record sales So in your video, need to see some naked pale (say what?) Then they said I should do some gangster rap I said Julie, at least 10 of my friends dead thanks to that I said in the movie they put the blanks in that In the ghetto they usin live ammunition when they bang the gat And how could that not be a selfish act? She said - "Oh yeah!" and put me on shelf for that Man them crackers should go to hell for that, somebody speak up Where the hell is our elders at? Yo where they at? Man "The Greatest Story" will be told, even if it's for free download I let the internet take it around the globe And then I make money off all the shows They thought they was pimpin me, didn't see that they was the hoes~! [Interlude] What do you mean they were hoes? (Ha ha) Well anyway um we seen you on "Entourage" but (yeah?) That was a great job by the way (thank you) But uhh... what's going on with the album "Greatest Story Never Told?" (It's comin when I put it out there y'know?) Is it ever gonna drop? (Yeah it's gon' drop) WHEN'S IT GONNA DROP?~! (Wha... man) ARE YOU NOT GONNA... (check this out) [Saigon] I chose to not drop, niggaz run around like I got dropped My shit is somethin that they cannot stop I'm 'Pac, I'm Nas, Jay-Z in one I'm Rakim, KRS-One, Big Pun There's no Lil Wayne or T-Pain in my vein No disrespect to no ish, my shit just isn't the same This is "Long Live the Kane," the B.K. don I need a hook, somebody please find TJ Swan I'm Chuck D, fuck me, I'm the whole group I'm Kurtis Blow with a burner, I'm like the old Snoop And "Murder'll Be the Case" if niggaz don't get the fuck outta my face, I'm tryin to make the world a better place But check it, for the record, eff it, I'm not mad at Prodigy I just think that lil' nigga owe me an apology You know he coulda shot me the fair, but for frontin I punched him all in his face and got the fuck outta there, yeah [Outro] Wow, that

must have been crazy But anyway; I appreciate your

something Saigon You're on to something special
