there's a star shining bright tonight  
it's the same way I feel holding you this tight  
there's a secret in the things you do  
it's a mystery why I feel for you  
can't let nobody know about it  
I gotta keep it to myself  
share you with no one else  
it's your smile that brightens up my day  
I'll never let you get away  
baby, I guess what I wanna say  
I can't help the way I feel about you  
(feel about you) each and every day  
can't help the way I feel about you  
(feel about you) oh baby  
can't help the way I feel about you  
(feel about you) I do  
can't help the way I feel about you  
can't help the way I feel  
head over heels in love with you  
I can't help the way I feel  
in what I'm feeling, I want you to feel it, too  
turn off the lights, let this feeling flow  
you know that I want you more and more  
your love caught me quite by surprise  
head over heels before I realize  
can't let my girlfriends know about it  
I gotta keep it to myself, share you with no one else  
'cause you'll never, never let me down  
just say that your love's gonna stay around  
uh baby, what I wanna say  
(can't help the way I feel about you)  
no, I can't help myself  
(feel about you) each and every day  
can't help the way I feel about you, oh  
(feel about you) I can't help it  
can't help the way I feel about you, oh oh  
(feel about you) I do  
can't help the way I feel  
can't help the way I feel

head over heels in love with you  
I can't help the way I feel  
in what I'm feeling, I want you to feel it, too  
[break]  
can't help the way I feel  
head over heels in love with you  
I can't help the way I feel  
in what I'm feeling, I want you to feel it, too  
I can't help the way I feel  
head over heels in love with you  
I can't help the way I feel  
in what I'm feeling, I want you to feel it, too
